

CORE DENTAL OCTOBER 2024

Although it feels like summer and we are enjoying the beautiful weather, Fall is creeping in and so is the end of the year. With this change, the vast majority of peoples insurance plans roll over come January.

If you still have treatment to do, now would be a great time to book in and get it done before the end of the year rush, as we have started booking into November and December.

Do you have questions about what your plan will cover and what your portion will be? Call us and we can discuss! If you are interested in a Payment Plan for Major Work we can discuss that as well.
